From the fund appropriated by the General Assembly of the State of Tennessee for the purpose of aiding agricultural fairs in the payment of agricultural premiums the Tennessee National Shorthorn Show Association has been allotted its proportionate share by the Tennessee Department of Agriculture of \$3,217.20.

Officers of the Tennessee Shorthorn and Polled Shorthorn Breeders Association are:

**President Leonard Davis, Cookeville
Sec.-Treas. Mrs. J. C. Moore, Springfield**

The banquet, Friday evening, November 14, is annually one of the highlights of the Tennessee National. Shown above is Jack Ragsdale, Prospect, Ky., president of the American Shorthorn Association, addressing the capacity banquet crowd last year. Plan to be a part of this activity this year.

BULL WEIGHING

You will want to be in attendance Friday, November 14 at 3:30 p.m., for the bull weighing. This program was instituted last year and proved to be very popular with both consignors and buyers. Each bull in the sale is weighed. The average weight for each class is announced in the show on Saturday and the weights are available to buyers on request.

BANQUET

The banquet for the Tennessee National sale this year will be held at the world famous Biltmore Restaurant, 2400 Franklin Road, Nashville. Everyone is invited to attend. If at all possible, please let Mrs. J. C. Moore, R. 1, Springfield, Tennessee 37172, know how many in your party will be attending. This will facilitate making the arrangements. The banquet will begin at 7 o'clock p.m., followed by a short business meeting of the Tennessee Shorthorn Ass'n.

NAPOLEON TROUBADOUR — Our good Hilda family that has been on the farm since its beginning. We think you'll like his length and thickness and overall balance. He was senior champion at 1969 Ohio state fair and was a member of our winning get. His full sister won her class at Ohio and also won her class in this sale show. His dam and granddam were very successful members of show strings. Please note that his sire, Gallant Napoleon, sired the winning get at 1968 and 1969 Ohio state fairs. Surely this uniformity of ancestors should guarantee this bull to breed successfully. Herd certified and accredited for TB and Bangs.

RODNEY ROYAL KING x — A promising son of Rodney's Leader 126th x. He is structurally correct with ideal fleshing. His dam produced Napoleon Royal King who sold in this sale for \$1,500. Rodney Royal King stood next to the grand champion polled bull at the 1969 Ohio state fair and was a member of our winning two-bull and three-bull group. Our second-place get-of-sire and second-place six-head groups. Although not highly fitted, he is in ideal condition to perform for his new owner. Remember his sire was champion at Ohio and Eastern National and reserve champion at Harrisburg. Certainly this should further guarantee his performance as a sire.

BILMAR DUKE DIADEM — The fourth of five full brothers from a great producing cow and sired by the immortal Calrossie Diadem. The previous three bulls are in service in top herds in South Dakota, Ohio and Kansas. The full brother, a year older, was reserve grand champion bull at the 1968 Kentucky State Fair and reserve junior champion at the Ohio State Fair. This bull is equally as good and perhaps more of a sire prospect. At the buyer's option we would like to show him at the International Livestock Exhibition in Chicago and let the buyer take delivery after that show. Herd accredited for TB and brucellosis.

Buyers from a distance will be given every assistance in shipping their cattle home. The consignors to this sale are from a wide area and each will be most happy to return your purchases as near to your home as is possible. In addition, good truckers are available in the Nashville area. No matter where you live this sale should be a must if you are searching for a stock bull or outstanding replacement females.

NAPOLEON PRINCESS A — Another daughter of Gallant Napoleon. We have been reluctant in letting her go but are determined to maintain the high quality of our consignment. In the last two years we have consigned eight head and they were well received, winning five firsts, three seconds, and one championship. The eight everaged \$782. We think our four this year will uphold these standards. We purchased her dam for \$1,100 and she produced a champion heifer at the Ohio state fair. Gallant Napoleon has produced many champions. Napoleon Princess A sells bred to a great young sire prospect, Lanedale Napoleon 87th, who was reserve grand champion at Ohio this year. Herd TB tested and Bangs certified.

STANDARD GUARANTEE

Recommended by American Shorthorn Association

- A. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
- B. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
- C. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age, shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
- D. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of a freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
- E. In the event an animal is returned by the buyer to the seller as a non-breeder the buyer must furnish to the seller a veterinarian's certificate showing that his herd is healthy if such a certificate is required by the seller.
- F. All animals catalogued have been tested for T.B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale, or are accompanied by a Bangs Vaccination Certificate. Announcements will be made covering animals not clear from vaccination.
- G. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females showing names and record numbers of sire and dam, as well as service date.
- H. All prospective buyers should check health requirements of their states. Health certificates will be provided with each lot sold.
